

PROCUREMENT REQUIREMENTS

Computer Lab Laptop Procurement

A clear purchasing baseline for the supply, delivery, warranty, and after-sales support of 25 business-class laptops for a new teaching laboratory.

ORGANISATION NAME Asteria Institute of Technology	PROCUREMENT REFERENCE AIT-PROC-2026-081
ISSUE DATE 10 August 2026	PROCUREMENT METHOD Competitive quotation evaluation
CURRENCY PKR - Pakistani Rupee	MAXIMUM BUDGET PKR 4,000,000

1. Procurement Information

Asteria Institute of Technology invites written quotations from qualified technology suppliers for the supply of 25 laptops. BidSight will be used as a decision-support tool to structure, review, and compare the received quotations.

2. Scope of Requirement

The selected supplier will provide new, genuine, business-class laptops, deliver all units to the institute's Lahore campus, and provide warranty and after-sales support for the full quoted period.

Scope item	Explicit requirement
Procurement Title	Computer Lab Laptop Procurement
Quantity	25 laptops
Delivery Location	Asteria Institute of Technology, Canal View Campus, Lahore
Maximum Budget	PKR 4,000,000 inclusive of all quoted charges

3. Mandatory Technical Specifications

Requirement	Minimum acceptable value	Type
Processor	Intel Core i5 or equivalent	Mandatory
Memory (RAM)	Minimum 16 GB RAM	Mandatory
Storage	Minimum 512 GB SSD	Mandatory
Condition	New and unused equipment	Mandatory

COMMERCIAL AND EVALUATION REQUIREMENTS

Commercial baseline and selection criteria

4. Commercial Requirements

Commercial item	Required value	Compliance rule
Quantity	25 laptops	Quoted quantity must equal 25
Delivery Time	Maximum 14 calendar days	Delivery above 14 days is non-compliant
Warranty	Minimum 24 months (2 years)	Warranty below 24 months is non-compliant
Budget	Maximum PKR 4,000,000	Total quoted price should remain within budget
Price Presentation	Unit price, subtotal, tax, and total	Every value must be explicitly labelled

MANDATORY DELIVERY AND WARRANTY GATES

Delivery must be within 14 calendar days and warranty must be at least 24 months. A cheaper quotation that fails either gate will remain visible for comparison but will be marked non-compliant.

5. Evaluation Considerations

Only verified quotation data will be used. Mandatory compliance is assessed before weighted scoring. The following preferred factors will differentiate otherwise suitable offers:

- Lower total evaluated price within the approved budget.
- Longer warranty coverage beyond the required 24 months.
- Faster delivery within the maximum 14-day period.
- Balanced payment terms with limited advance exposure.
- Responsive, clearly defined after-sales technical support.

6. Submission Notes

Submission item	Instruction
Quotation validity	State the validity period in calendar days
Commercial values	Use PKR and clearly identify any tax or state Tax: PKR 0
Product details	State vendor name, product model, processor, RAM, and SSD capacity
Supporting terms	State delivery, warranty, payment, and support terms explicitly

Additional Procurement Notes: Equivalent processor offers may be considered only when the supplier clearly identifies the processor model. Refurbished or used equipment is not acceptable. Final award remains subject to human review and management approval.
